Dedication

We, the Senior Class, are dedicating this annual, the Chieftain to Mr. and Mrs. W. W. Wallace.

Mr. Wallace's ever present sense of humor and witticism promote a feeling of personal friendship and also a respect for him as a principal.

Mrs. Wallace, who has been our class sponsor throughout our Junior and Senior years, has been a leader for all our endeavors. Without her leadership and hard work the Senior Class and the annual would not have been a success.

Class History

We, the Senior Class of H.H.S. are looking forward to a great many successful years, due to the preparation made in the past four years.

We regret that we are leaving the faculty and students whom we have learned to love.

In the year of 1950 we entered our freshman year, with a roll of 64. Kathleen Lehew was our President; Billy Peach, Vice President, Glenna Brown, Secretary-Treasurer; with Mrs. Gilbert Allen, Jr. our sponsor.

The highlights were a weiner roast sponsored by our class, and our class trip to Centennial Park.

We began our Sophomore year with 48 on roll which made a decrease of 16. Our officers were: Rosalie Denton, President; Billy Peach, Vice-President; Elliot Davis, Treasurer; Wilma Buttrey, Secretary. Mr. Francis Novak was our sponsor. For our class trip we went to Shelby Park.

In our Junior year, we began our year with 29 students. The following officers were elected: Elliot Davis, President; Jane McKee, Vice President; Grady Gaskill, Secretary-Treasurer. We sold pop corn and peanuts to raise money for the Junior-Senior Banquet, "The Garden of Friendship," which was one of the best ever held at H.H.S. The Juniors also presented a three-act play entitled, "The Man in a Green Shirt," which was a great success and also helped in sponsoring the Banquet.

For our trips we visited the Hermitage and back to the Centennial Park for our picnic.

Our new sponsor, Mrs. W. W. Wallace, made our year more pleasant and successful.

Our Senior year was very profitable. The following officers were elected: Billy Peach, President; Claudine Stinson, Vice President; Margaret Jane Fox, Secretary; Jane McKee, Treasurer.

Of the 23 students in our class 13 were Beta Club members.

We received our class rings in December, which we Seniors were proud to wear.

We had a very enjoyable trip this year.

We Seniors were honored with a very nice banquet sponsored by the Juniors.

The Senior play — a three-act one — was a great success.

We thank Mrs. Wallace, our sponsor, for the work in which she played so great a part in helping us accomplish, and also the rest of the faculty, and our Principal, Mr. W. W. Wallace, for making our school years so successful and enjoyable.

We would like to encourage those whom we are leaving to continue their schooling, for after all the years are very short.

Class Prophecy

After graduation, Mrs. Wallace, our sponsor, will have her long awaited and deserved vacation on her farm in Fairview.

One day she prepared a delicious turkey dinner leaving her two children to wash the dishes; she went down into the basement to look over the canned foods. This has been a tiring year for her and she drops into a chair to reminisce, falls asleep and dreams:

Azlee Mangrum, a head nurse in her big hospital in the middle of New York City; Katherine Fox, her private secretary, has just handed her some very important news that Ann Smith, while trying to make an emergency landing in her new Helicopter, crashed on top of the Empire State Building. Bernice Pewitt, the chief of police of New York, rushed to the scene and started singing, "There Stands the Glass," to calm the hysterical mob.

Back in Tennessee she sees Glenna and "Meach" in their beautiful home on Garrison Avenue. All of a sudden the doorbell rang and in came Jane McKee, the new saleslady for the McKee and Southern Baby Rattlers, Inc. Wilda, another saleslady, is knocking on the door of Kathleen and "Frog" Lampley and all their five little tadpoles who have just returned from a fishing expedition with Rosalie and Donley Mealer and five children who are expert fishermen. They are on vacation from their business which is the Lampley and Mealer Fish Hatchery.

She sees Nancy Parham on a chicken ranch near Hillsboro busy raising her family of four children. In her spare time she plays the piano over WAGG-TV Station where Billy Peach's five-minute program, known as "Peaches Preview of Pop Platters," is famous.

She sees Ann Mills, Supervisor of Public Schools, entering Hillsboro School.

Annie Buttrey, a famous nurse, on night duty at Vanderbilt, has met a young doctor, the man of her dreams.

She sees Jerry Richardson and Elliot Davis in their chanel No. 9 bathing suits, two great movie stars, lying on a sunny beach in Hollywood looking at beautiful girls. Bobbie Dewire has just finished her latest film, "All Men Love Brunettes."

She sees Bill Liggett and J. W. Brown with lots of money on their minds scrubbing the decks of a ship in California.

Dimple Sullivan, a 3-D, TV actress, is touring Europe with Charles Nash, her Hollywood—Producer husband.

Grady Gaskill and Rice Anglin have just returned via plane from World War III. They have a wheel barrow full of medals for shooting down so many Russian planes.

Just before she awakes she sees Claudine Stinson with a large bouquet, from her florist shop at Sleepy-Hollow, which she is delivering to Margaret Fox, an old maid school teacher at Bending Chestnut, who is sick with the Love Bug Itch. The sweet scent of these flowers awakes Mrs. Wallace. She says—well—what I dream sometimes comes true.
