# CLASS HISTORY

On a sunny day in August, 1952, 81 frightened freshmen began their journey at Hillsboro School. Our officers for that year were Billy Davis, Pres., Frances Carothers, V. Pres., Elaine Parham, Sec. -Treas. We had a very enjoyable trip in the spring to the Centennial Park. Our sponsor was Mrs. Bryan Stephens.

In 1953, 58 dumb and noisy sophomores began working together at Hillsboro. We elected Frances Carothers, Pres., German Newcome, V. Pres., Leta McKee, Sec. -Treas., Faye Mealer, Rep., as our officers. We journeyed to Edwin Warner Park for an enjoyable day. Miss Corinne Jones was our sponsor.

In 1954, 51 enthusiastic Juniors entered as money makers. This year was a boom all the way through. Our officers were German Newcome, Pres., Leta McKee, V. Pres., Faye Mealer, Sec. -Treas., Jimmy Nichols, Sergeant-At-Arms, Nelda Brown and Billy Davis, Reps. We raised money by selling hot dogs to have the best banquet ever given at old H. H. S. A "Hawaiian Cruise" was held in the gym. More People saw our three-act play, "Who Wouldn't Be Crazy" than any other Junior Class Play presented at Hillsboro. We will never forget our class sponsor, Miss Betty Butler, who succeeded in keeping us in a gay and cooperative mood. We went to Edwin Warner Park where we won the softball championship. Our girls also won the school basketball tournament.

We began our senior year thrilled and feeling very dignified at seeing our dream of a lifetime become a reality. At last we were Seniors! We elected some of our brightest classmates as our officers, Christine Owens, Pres., Demmie Overby, V. Pres., Betty Burdette, Sec., Leta McKee, Treas., Nelda Brown and Betty Lampley, Reps. We were very fortunate to have fourteen basketball players and four managers from our class of 37. In the month of November we held out our hands for everyone to see our class rings. Again, Miss Butler was our sponsor.

We thank the students and teachers who have cooperated with us and helped us so much this year and all the years we have attended Hillsboro. We will never forget all the friends we made at Hillsboro High School.

## SENIOR CLASS PROPHECY

While touring the U. S. in the year of 1956, MISS BUTLER was riding down Madison Street in Chicago. As she stopped for a red light something on a telephone pole caught her attention. Taking another look she figured out what it was and it was BETTY JOHNSON and ANNIS MEALER fixing a TV antenna so BILLY INMAN and John Smith could watch HOWDY DOODY. She had only gone a few blocks when she saw a policeman signaling the cars over to the curb. As she neared him, she recognized the short man as TOM WHIDBY. She pulled over and he informed her that the ambulance coming through was taking FRANCES CAROTHER'S husband to the hospital after she had crowned him with a skillet because he had gone to see a movie starring Marilyn Monroe. "They are now living on Skid Row," Tom informed her. She decided to follow the ambulance to the hospital and as she was entering the door she bumped into CHARLENE HUDGINS who was rushing into the hospital with little Euell, Jr., who has a fish bone hung in his throat. Just as she got over the shock of seeing Charlene, she bumped shoulders with NELDA BROWN, a very attractive young nurse, hurrying out the door with a grocery list since she has to make the living for WAYNE HEITHCOCK and their three little red heads.

While leaving Chicago MISS BUTLER switched on her radio just in time to hear the ten o'clock news. She hears that EVELYN LAW has recently purchased a one-million dollar beauty shop, the most modern in the world. She is also making headlines because of her unique hair styles.

As she drives on through Colorado she sees a group of people over on a big ranch and, you know how nosy MISS BUTLER is, she had to stop to see what was going on. She received a great shock to see LORENE HUTCHERSON, dressed in a spa suit, boarding ELMER BARNHILL'S flying tractor, going to Mars to attend a teacher's meeting at the High Heights School which she is the teacher of the first grade. After the meeting she plans to tell her students "The Legend of Davy Crockett." He will still be her favorite star. She learns from GERMAN NEWCOME and HOMER ADCOCK, who are professional tag team wrestlers, that they are trying to hold ELMER BARNHILL down because he is so excited over his new invention. They are at DEMMIE OVERBY'S 2,000 acre farm. Demmie has just left for a vacation in Fairview.

As she started to get back in her car, she noticed a boy in the ball park catching bloopers for the Blue Birds. It was none other than JIMMY NICHOLS.

As MISS BUTLER strolls down the beach in Florida on her way to watch BETTY LAMPLEY, a water-skiing champion, she stumbles over BARBARA (MANGRUM) BAINS and her husband Meredith, who are seen bathing while vacationing. She had lunch in Miami with an old friend SHIRLEY GIVENS, a stewardess, who was having lunch with one of her pilot friends, who flies with her from Miami to New York.

Leaving Florida, crossing over into Alabama, she stops at the Shrine Circus, where she sees LETA MCKEE helping a Polk Salet. She goes on down to the race tracks, where she sees BETTY BURDETTE betting on horses. Her husband, the Governor, will have to raise taxes because she has just lost \$1,000.

As she leaves the circus, she passes THOMAS BEARD and ROY MCGAW at a broom stand trying to sell brooms for the broom factory in which they are now working. They are still doing the smallest amount possible.

She ventures on to the heart of Alabama to see an old friend JANE BEARD, who is relaxing after answering the \$32,000 question on the \$64,000 question TV program. As they are watching a professional basketball game on TV, they see ANNIS MEALER playing with the Globe Trotters. She has already scored 100 points on free throws. After the ball game they are watching the news and see AUGUSTA BEASLEY taking dictation from Frank G. Clement, who is now President.

She goes from Alabama to Franklin, Tennessee, to visit ELOISE CAROTHERS, whom she has heard is the first lady of Franklin. She also heard that she is one of the best-dressed women in America. She buys a paper from a paper boy at the corner and on the front page she sees a picture of STELLA BUTTREY, who has just finished her fifth movie. She has started on a world tour with her manager JOE RAY.

As she drives down Main Street, she notices JOHNNY ROBINSON, an Airman First Class in the Air Force and HAROLD GRAY, Chief Petty Officer in the U. S. Navy, talking to WILLIAM RYAN, a professional race car driver. Johnny has been serving in the Air Force for 10 years. Further down the street she stops to talk to Wilma Jones, BILLY DAVIS'S little wife who is out looking for a job while Billy is at their home in Johnson Hollow baby-sitting. Wilma says that just recently she has had a letter from MYRTLE WARF saying that she is enjoying her stay on the French Riviera with her millionaire husband.

As she leaves Franklin, she goes to Hillsboro to see ELAINE PARHAM, who has just arrived from helping Santa Claus at the North Pole prepare toys for the children this year. Elaine tells her that she is on her way down to the Hillsboro Continental Airways to see GUELDA SULLIVAN, an airline stewardess, who is flying from Hillsboro to England.

She learns through the Tennessee Moon that "CAT" SULLIVAN, an old maid who has lost her voice, is still with her friend "Fish" listening to the Rhythm and Blues in their '66 Ford. They are leaving the usual crowd at Windy's to raise a Studebaker to the Centerville Skating Rink.

After MISS BUTLER'S tiring journey around the U. S., she flew to France where she joined CHRISTINE OWENS. They are now teaching Business Education as exchange teachers. They are both still looking for the tall, dark and handsome man of their lives.
